

FRESH START FOR ALL NATIONS

Trip Report • Fresh Start in The Holy Land • February 14-28, 2019

“Man plans his ways, but the Lord directs his steps” *Proverbs 16:9*

The following is a brief summary on, how God took our plans for this trip to a level we could have never imagined. Here are 6 critical areas, where God generated incredible interest, enthusiasm and results.

1. Our F/S Ambassadors received an in-depth look at the F/S process and the impact was beyond our wildest expectations.
 - They received freedom by going through their own Fresh Start process.
 - They received in-depth training on how to utilize the F/S process and skits to impact the understanding of the process for future participants.
 - We brain stormed on how they can use F/S to minister to elementary students and adults.
 - They received ideas and visuals on how to utilize props geared toward children for the HL.
2. The principal who oversees the 1000 Arab student (K-12th) grades, received an in-depth overview of the F/S process.
 - She was incredibly receptive and will work with the local F/S Ambassadors to look for ways to implement F/S within the school.
 - She also wants to translate some of the children’s Fresh Start booklets into Arabic.
3. An influential local church pastor and his wife, received an in-depth overview of the F/S process.
 - The feedback was very positive and the Ambassadors will follow up to help facilitate how they may personally benefit from F/S.
4. Over 120+ Arab (7th/8th grade) students, teachers, and chapel leader participated in the “Parable of the Unforgiving Servant” (Matt 18:21-35) in chapel. The students were very engaged and loved participating in the skit.
 - The feedback was very positive from the teachers, students and the chapel leader.
5. Strategized with the General Director of the School on how F/S might be used:
 - Within the school, local church and Evangelical Arab community.
 - The Ambassadors said after we left, he was already coming up with more ideas on how to use F/S in the near future.
6. There were many other encouraging developments, but we can best summarize our trip by saying, ***“THERE IS ALWAYS MORE WITH THE LORD”***.
 - Our Ambassadors have indicated they would like us to come back in the fall for more training, and to expand the reach of F/S, in the school, church, and the Evangelical Arab Community.
